LB 1061A
LR 15, 337, 349, 502

SENATOR KRISTENSEN: Well, the problem is that our rules talk about that the A bill needs to accompany LB 1061.

SENATOR LINDSAY: Or can we vote down the bill?

SENATOR KRISTENSEN: In effect, that's...no, you can't do that because if that occurs then you've got other problems. Well, I guess, no, I guess that would work, wouldn't it. It's easier to re...it's easier at this point, I think, to return it, strike the enacting clause and do it that way.

SENATOR LINDSAY: Okay, I just thought it might be easier to do it with less votes, but that's fine.

PRESIDENT ROBAK: Any further discussion on the motion to return to Select File? Seeing none, all those in favor vote aye, all those opposed vote nay. Please record.

CLERK: 35 ayes, 1 nay, Madam President, on the motion to return the bill.

PRESIDENT ROBAK: LB 1061A is returned to Select File. Senator Kristensen, to open on your amendment. No discussion of the amendment. The issue before the body is the striking of the enacting clause to LB 1061A. All those in favor vote aye, all those opposed vote nay. Please record.

CLERK: 39 ayes, 1 nay, Madam President, on the motion to strike the enacting clause.

PRESIDENT ROBAK: The motion is successful. We now return to Select File. LR 15. Items for the record before that.

CLERK: Madam President, very quickly before that, I have a Reference Report. LR 337 and LR 349 have been reported correctly enrolled. And Health Committee reports LR 502 back to the Legislature for its further consideration. (See pages 2089-91 of the Legislative Journal.)

Madam President, LR 15 is on Select File. Has been discussed. The first amendment I have by Senator Lindsay. Senator, AM3219.

PRESIDENT ROBAK: Senator Lindsay.
